[Values and Data Types](#)

If you're having trouble logging into the textbook, try the following steps:

1. At the top of the activities for each week, find an activity titled, "Ungraded External Tool: Single Sign On: Interactive Textbook and Practice Opportunities"
2. Click on it and open the tool - this will log you into the textbook

Once you've done so, you'll be able to follow any of the other links to particular pages. If you've been away from the textbook for a couple of days, you may need to access the Single Sign On activity again to login to the textbook again

More information is available in this [discussion forum post](#).
